

Dear Parent/ Careers,

We are very excited to share with you our Twitter page relaunch!

@eastdene_

Twitter is where we share all the exciting activities and achievements your children take part in when they are with us at school. We would love to invite you to like and follow our Twitter page and engage with us on this social media platform.

We would love parents to share outside of school achievements with us on Twitter. Please tag us in your photos. This might be your child reading their favourite book, completing a swimming certificate or taking part in an out of school club.

We would love to keep our social media POSITIVE for our children as they love to see who is liking and commenting on our posts. Please DO NOT post any negative comments on our Twitter page. Any questions or issues please contact your child's class teacher.

Thank you for your continued support,

East Dene Primary School
