

Hello Families,

I hope you have all had a great first week back. We have been absolutely thrilled with how our children have returned to school. The children have impressed us all with their positive attitude to learning and excellent behaviour.

I just wanted to also express my thanks to you all for ensuring our children have been arriving to school on time and in beautiful uniform. I am so grateful to you all for ensuring our pupils wear our uniform with pride. Also, a huge thank you for ensuring they have been wearing our PE uniform. We really appreciate you working alongside us to support our pupils being part of the East Dene Team.

Also, we always want to improve our school. One area that staff and families feel we can get better is the end of the day. We know that currently how you collect your child/ren could improve. We will be working as a staff team to try and make this less chaotic over the next few weeks. In the meantime, can I ask for all families' support and stay behind the football pitch lines and give our teachers time and space before they dismiss your child. If you have any ideas on how we can improve the collection at the end of the day, please speak to one of us on the drive at the start or end of the day.

Finally, I hope you all enjoy the sunshine this weekend and a huge thank you for all your support in making our first week back so positive.

Thanks
Mr Tankard
