Dear Families,

At East Dene Primary School, we are always looking for ways to improve communication with our families and ensure that important information is shared as effectively as possible.

To support this, we will be introducing an East Dene WhatsApp Channel alongside our existing communication methods. We have trialled this approach in our other Rotherham schools, and families have found it a helpful way to receive updates, reminders and key information quickly and conveniently.

Please be assured that Arbor will remain our main method of communication. The WhatsApp Channel will simply be used to provide additional daily updates and reminders to help keep families informed.

Please find the QR code below. Simply scan the code with your mobile phone, and it will take you directly to the East Dene WhatsApp Channel where you can follow our updates. Our first WhatsApp message will be shared on Friday.

The channel is secure and one-way only, meaning parents and carers will not be able to post messages or comments. It will be used solely by the school to share information, reminders and updates.

If you need to contact the school, please continue to do so through Arbor, by telephone, or via email.

Thank you for your continued support. We hope this additional communication tool will help keep everyone connected and informed.

Thanks
Mr Tankard
